

Women's Health Specialist Physiotherapist

We are Central Health:

Central Health Physiotherapy is a leading provider of specialist physiotherapy services in Central London. Renowned for our exceptional team culture, commitment to patient-centred care, and high standards of clinical excellence, we have established ourselves as the clinic of choice for medical specialists, clients, and therapists alike. Our purpose-built clinics in St John's Wood, Kensington, and Chancery Lane provide the ideal environment for delivering outstanding care and fostering professional growth.

Purpose of the role:

We are currently seeking a highly experienced **Women's Health Physiotherapist** to join our dynamic and friendly team on a part-time, freelance basis. This role is ideal for a senior-level clinician looking to transition into or expand their private practice portfolio within a supportive and collaborative environment.

Core responsibilities:

- Provide expert assessment and treatment for a wide range of Women's Health conditions.
- Develop tailored treatment plans and deliver high-quality, evidence-based care.
- Collaborate with medical specialists and other healthcare professionals to ensure seamless patient care.
- Maintain accurate and up-to-date clinical records in accordance with regulatory standards.
- Uphold and contribute to Central Health's commitment to clinical excellence and patient satisfaction.

Qualifications and Experience:

- Minimum of 5 years' post-graduate clinical experience in Women's Health Physiotherapy.
- MSc-level education in Physiotherapy or a related field (desirable).
- Previous experience working in the private sector (desirable).
- HCPC registration and membership with the Chartered Society of Physiotherapy (CSP).
- Must have the legal right to work in the UK.

Skills:

- Strong knowledge of the business model and market.
- Advanced clinical knowledge in the field of Women's Health.
- Excellent organisation skills, with the ability to meet multiple deadlines
- Ability to independently prioritise workload
- Strong people management skills and emotional intelligence
- Ability to react to change in circumstances and problem solve appropriately

Qualities:

- Punctual and responsive
 - Strong attention to detail
 - Self-aware
 - Resilient
 - Team player
 - Accountable
 - Passionate about delivering quality healthcare
-

How to apply:
