

SPECIALIST WOMEN'S HEALTH PHYSIOTHERAPIST

Part-time 15 hours

Salary according to experience + NHS Pension

We have an exciting opportunity for a Specialist Women's Health Physiotherapist to join our specialist team within our Community Urology Service here at Newport Pagnell Medical Centre. This is an innovative and established service for both male and female adult patients with lower urinary tract symptoms, symptoms of pelvic organ prolapse and urinary incontinence based in a primary care setting near Milton Keynes.

You will be involved in direct patient assessment, treatment and conservative management of patients referred to our service from GPs and other healthcare professionals. You will be competent independently in assessing patients within your clinics and providing direct treatment and management plans.

You will have excellent communication skills and the ability to work on your own initiative, managing your own case load and will work closely with the Advanced Urology Nurse Practitioner within the service.
