Area representatives 2018–2019

In response to requests from members, the following table details the POGP area representatives and how to contact them by e-mail. Please note that some areas are shared by more than one person. More details about the area representatives are available on the POGP microsite (http://pogp.csp.org.uk/area-representative-section), and their reports are available as part of the journal's extended online content (http://pogp.csp.org.uk/group-journal). Rachel Burnett, who has been the Yorkshire area representative since 2015, has now taken over the role of area representative coordinator, and is your link with the Executive Committee. Area representatives can contact her (e-mail: rachel.burnett@bthft.nhs.uk) for support if they are unable to answer any of your questions, as you can too if you have any burning issues that need to be taken directly to the Executive.
